

## Become a Member

The mission of the Water Mill Museum is to preserve the historic water-powered grist mill, that has existed on Mill Creek in Water Mill since 1644, the other buildings at the site, the museum collection, and to inform the public about the history of the mill, the history of the hamlet of Water Mill and the hamlet's cultural, natural, and agricultural heritage.

To that end, the Executive Board of the museum is continuing to repair its buildings has planned new gallery shows, and is creating a new permanent agricultural exhibit. We invite you to join the museum and take advantage of your free admission to visit this unique site that is listed as a federal, state, and town designated historic landmark.

Other membership benefits include a 10% discount on gift table items and participation in the annual members art exhibit.

All monies raised from membership and the quilt raffle tickets are used to keep the mill open and support its mission. The museum is an incorporated not-for-profit organization registered with federal and state tax agencies. All donations are fully tax exempt as allowed under the law.

I/We support the historic landmark Water Mill Museum this year with the following membership contribution.

\$25 Individual  \$30 Family \$  Other \$  Memorial/Endowment Fund
